

## Исправления

к статье Chergui M. «Medium effects on the spectroscopy and intramolecular energy redistribution of C<sub>60</sub> in cryogenic matrices» (*Fiz. Nizk. Temp.* **26**, Nos. 9/10, p. 863–873 (2000)). Исправленный вариант рис. 5 должен иметь вид

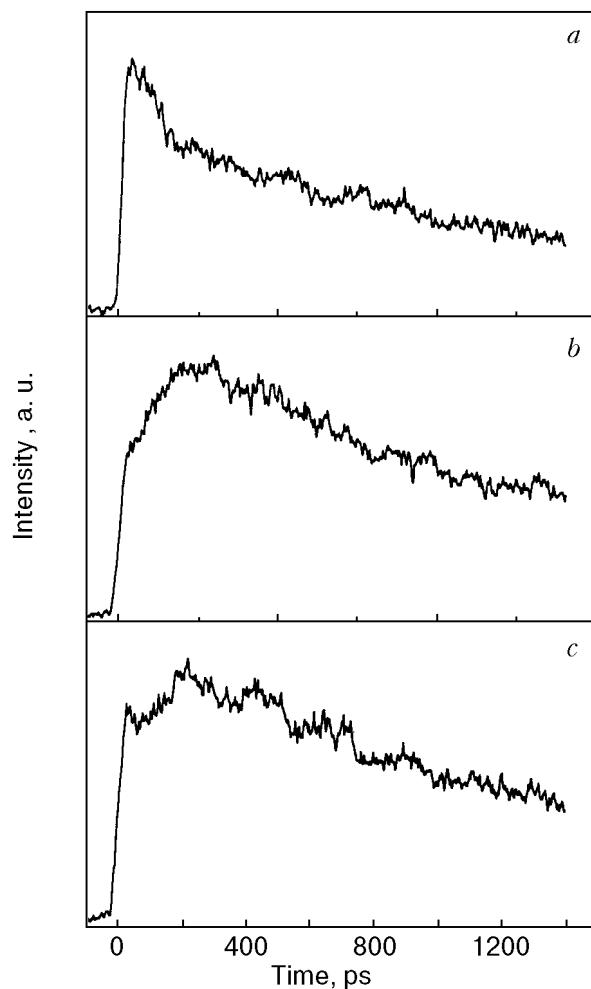

Fig. 5. Time-resolved fluorescence decay of the fluorescence bands of C<sub>60</sub> in Ar matrices belonging to the different emitting characters:  $h_u(4)$  of the  $G_g$  character (a);  $t_{1u}(4)$  of the  $T_{1g}$  character (b), and  $h_u(1)$  of the  $T_{2g}$  character (c).
